DESIGNS BEYOND THE HORIZON

You do not have to set aside your dreams of a perfect kitchen. Thanks to modular furniture you will be able to arrange interiors that are tailored to your needs and you will be able to deal with even the most inconvenient rooms. The original fronts, combined with tops and unique handles will look like from interior design magazines. Our furniture will make you a designer, and your kitchen will meet the highest standards in terms of functionality, quality and aesthetics.

MODULAR KITCHENS **RAVENA**

Our kitchen furniture is designed in the form of a modular system comprising over 160 cabinets, which allows for furnishing any room, even the most complex one, to make your kitchen functional in everyday life. When designing your dream kitchen, you should focus on the real needs of its users. A family of 4-5 people needs a different kitchen than a young couple or a single.

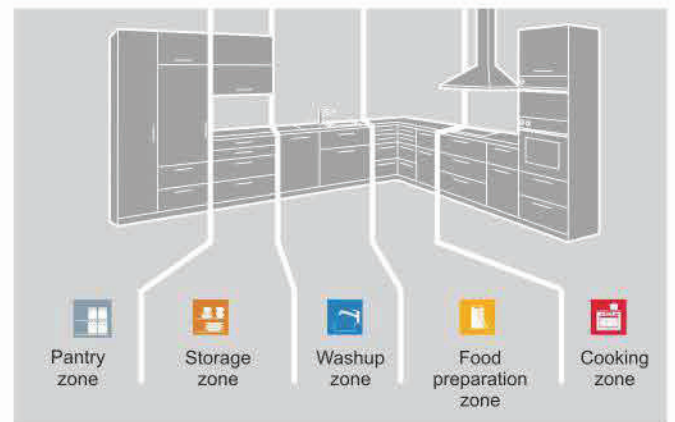

5 stages of furnishing a kitchen

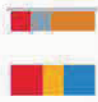

If you want your kitchen to be not only pretty but also functional and comfortable to use, you need to:

- **Divide the kitchen into functional zones.**
The arrangement of work zones and the distances between them is called the work triangle. The vertices of the triangle are the sink, the fridge and the cooktop, which should be situated 1-2m apart.
- **Choose the appropriate height of worktops**
If you are tall, choose cabinets with 15-cm legs instead of the standard 10-cm ones.
- **Replace base cabinets with drawers**
The fully extendable drawers allow easy access to the entire contents of the cabinet.

Storage level ergonomics

- **Often-used items**
- **Less-used items**
- **Least-used items**

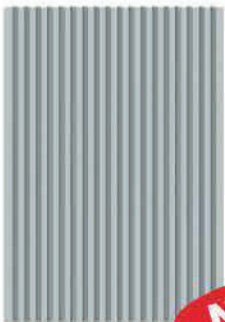

RYFLA

Grooved fronts are among the trendiest interior design solutions. Elegant and cozy, they add a unique touch to your kitchen. When used on selected cabinets, they beautifully complement the overall kitchen layout.

RAVENA modular kitchen, front **RYFLA** rose / **TAFLA** white matt.

NEW

RYFLA
Material: MDF board
Finish: lacquer matt
Thickness: 18 mm

RYFLA lacquer matt colours:

RYFLA PVC:

Artisan Oak

Available fronts sizes for RYFLA PVC:

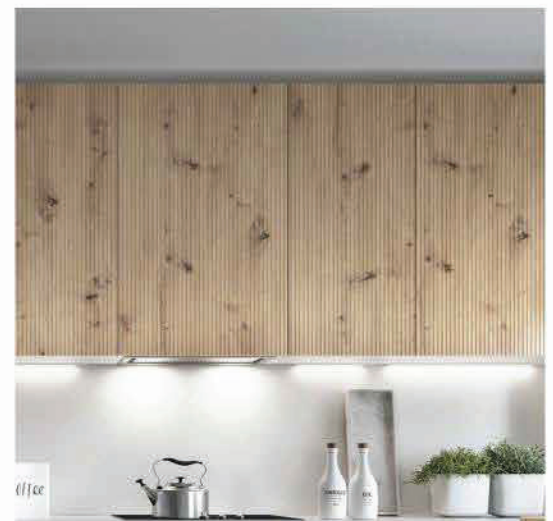

355x396	713x396	920x396
355x446	713x446	920x446

- + optionally available TIP-ON system for no-handles front opening

WORKTOPS

Kitchen worktops play a fundamental role in the comfort of work. The larger a worktop, the easier it is to prepare a meal. A worktop must be nice, durable and easy to clean.

- + material: chipboard with a layer of thermosetting plastic
- + stain-resistant, heat-resistant, do not fade from the sun and can be easily cleaned
- + thickness: 38 mm

Available colours:

Available sizes:

203 x 60 cm**, 348 x 60 cm*, 407 x 60 cm**, 203 x 120 cm**, 407 x 120 cm**, leg 87 x 59.8 cm, leg 87 x 93.8 cm

LAMELA Natural oak veneer

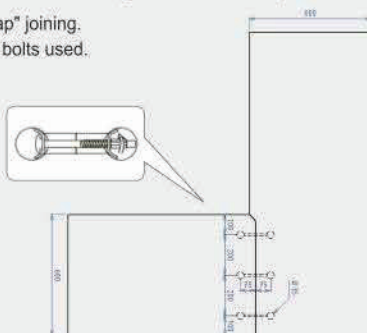

- thickness: 40,5 mm
- 188 x 60 cm
- 248 x 60 cm
- 300 x 60 cm
- 300 x 94 cm
- thickness: 42,5 mm
- leg 87 x 59,8 cm
- leg 87 x 93,8 cm

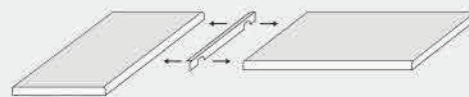

Veneer natural oak, wood strip

Options of combining different worktops with each other:

- "Overlap" joining.
3 fixing bolts used.

- Joining using a strip.

There is a possibility to cut to the right size, to do edgebanding and to "overlap" the edges of the worktop. Contact the seller for more details.

The working surface of veneered worktops requires protection by oiling. Such a worktop gets old beautifully and that is why it will be used for many years.

* The worktops are sold as a whole.

** The worktops have the possibility to be cut to a particular size. The cut is performed on the basis of a drawing.

WORKTOP ACCESSORIES

WORKTOP STRIPS:

- + They constitute elegant worktop finish
- + Available:

- Aluminium, sizes
20 x 20 x 3000 mm
- PVC MINI
12 x 12 x 3000 mm

+ External and internal corner protectors are available, as well as endings

WORKTOP ANGLE EDGING STRIP:

- the colour of aluminium
- white or black colour

WORKTOP SIDE STRIP:

- in aluminium, white and black colours

SCREWED CONNECTION

150 for WORKTOPS

Sealing band applied under sink 7.5 x 300 mm

Sealing membrane applied above dishwasher 8 x 80 mm

DECORATIVE PANELS

A great solution for walls. They can be matched to the worktop or feature an original decor. Decorative panels are an excellent alternative to tiles. They provide a perfect finish for your kitchen workspace. Combining the kitchen worktop with the upper cabinet line protects the wall behind the work surface and gives an additional decorative touch.

SPLASHBACK PANELS

- + Made of decorative HPL laminate and chipboard
- + Heat-resistant, dirt-resistant
- + Easy to clean, hygienic

Pre-defined formats available: 2000 x 640 x 10 mm, 4100 x 640 x 10 mm.
Can be cut and processed (using the dimensions given).
